## GEDC approves new owners for Lynn Theatre

**BY VANDY VAN EPPS**  
Gonzales Inquirer

The Lynn Theatre is one step closer to getting back up and running again after the Gonzales Economic Development Corporation board chose to sell the building to Sydney T. Allen and Devon Warzecha at their Monday, Dec. 19 meeting.

GEDC had a packed meeting with three potential buyers of the theater present: Doug Durham, Dennis Kaiser and Susanna Sontanis-Telford Group; Madelyn Abrameit; and Sydney T. Allen and Devon Warzecha.

The board had two public comments regarding the status of the Lynn; Rene De La Garza and James Lawrence both had the same message about letting lo-

cal people purchase the theater.

"In the past, I know that the theater has been given to people from out of town. It's not made it before ... we really need to make it to where it's going to work for the community. We want our children not to travel to Seguin; we want it to be here," De La Garza said.

Lawrence agreed with De La Garza, especially about working alongside the

local restaurants and vendors to make the theater work.

"I just want to ask you all to please consider them [the candidates] strongly. Keep it locally, keep it here in town and keep our children in town," Lawrence said.

The board returned from closed ses-

## Baby, it's cold outside! Brace for temperatures not felt since Uri

**BY LEW K. COHN**  
Inquirer Publisher

The bad news for Gonzales County is that temperatures are expected to drop lower than they have been since Winter Storm Uri blasted the region in February 2021.

The good news, however, is that — unlike nearly two years ago — no precipitation is expected to fall in the area, so travel for the Christmas weekend should not be impeded, nor should snow and ice cause additional pains for those wishing to simply enjoy a quiet holiday at home.

The National Weather Service (NWS) is predicting a cold front will move through South Central Texas on Thursday, bringing with it the coldest air of the season so far.

## Nixon concerned about water levels, drainage

**BY CLAYTON KELLEY**  
For the Inquirer

Amidst the third biggest drought in Gonzales County, the City of Nixon has raised concerns about corporations such as Schertz/Seguin and San Antonio Water Supply extracting their water. Nixon has lost 25 feet of water level within the past six years and they claim this is due to constant drainage

"It all started when Schertz/Seguin came in," Nixon Utility/Public Works Director Jeremy Bustos said. "Just that year, in 2011, we lost 20 feet. When I first started, 18 years ago, our levels were around 75 or 80 feet below surface and now we're down to 130 feet below surface."

According to Bustos, the

## Professional dance comes to Gonzales with Nutcracker ballet

**BY LEW K. COHN**  
Inquirer Publisher

The world of professional dance will come to Gonzales, Texas, next month when Come and Take It Dance and the Crystal Theatre present the quintessential holiday ballet The Nutcracker.

Two performances will be held at noon and 7 p.m. Saturday, Jan. 7, at the theatre, 543 Saint Lawrence St., Gonzales. Tickets are on sale at [comeandtakeitdance.com/nutcracker](http://comeandtakeitdance.com/nutcracker) for \$25 each and are going fast with limited seating available.

Principal roles in the ballet will be danced by professionals with ties to ballet companies in California, New Jersey and New York. Guy Martin Lahav, who owns and operates the studio with his partner Gary Franco, said many of these performers have danced with Franco in other productions and are coming to Gonzales because of their past association with him. Franco has coached and choreographed many world champions in theatre arts.

# Shear Designs receives Main Street improvement grant

**SPECIAL TO THE INQUIRER**

Gonzales Main Street, in conjunction with the Gonzales Economic Development Corporation (GEDC), recently reimbursed Shear Designs for projects completed on the boutique and hair salon located at 805 N. St. Joseph.

The boutique and hair salon opened in 1998. Before the boutique opened, the building was a gas station. The scope of the project included upgrading lighting, replacing old windows and awnings, painting the outside of the building, and replacing the fence.

Shear Designs is a one-stop-shop for designer women's clothing, shoes, and accessories. Adjacent to the boutique is a full-service beauty salon.

"The salon and beauty shop were my sister's dream. She has since passed away, but I've been blessed to be able to carry on," said owner Connie Dolezal. "We have the best customers around and have received so many compliments on how the shop looks. Replacing the windows has made a huge difference. Our old windows were single pane and just not energy efficient. Our customers and employees will undoubtedly have a more comfortable experience."

Gonzales Main Street, Inc. strives to assist in the preservation and revitalization of our Historic Main Street District. Through the transformational strategies of economic vitality, design, promotion, and organization, they focus on prosperity through

"A vibrant downtown and successful Main Street Programs help move Gonzales in the right direction so that we can propel our community forward," said Tiffany Hutchinson-Padilla, Gonzales Main Street Director. "Funds from the GEDC, a Type 4B economic development corporation, are administered through

an agreement with Gonzales Main Street empowering Main Street to give grants to qualifying businesses in the designated Main Street District. This project helped add value and preserve the building can be used as a business and for many years to come," said Jennifer Kolbe, GEDC Economic Development Director.

# Legacy Ranch hosts kids' Christmas party

**SPECIAL TO THE INQUIRER**

Gonzales Mayor Steve Sucher — a "Santa" at heart — made a grand entrance at the Legacy Ranch Kids children's party hosted and sponsored by Debbie and Steve Marshall, friends and family!

Santa arrived with a billowing "Ho! Ho! Ho!" and jingle bells too! The children ran to greet him as they escorted Santa and Mrs. Claus to their seats by the Christmas tree.

Santa had a patient ear as he listened to what the children wanted this year. There were hundreds of toys to choose from for all ages.

The children and staff enjoyed food catered by The Farmers Daughter of Gonzales and Community Health Centers of South Central Texas, hot chocolate by Judah's Java Cafe' of Luling and an assortment of desserts hand made with love. A special treat by Daya's Snow Cone was a hit!

Santa was in the company of many princesses who came to celebrate the Christmas spirit with the children, provided by Perfect Parties by Lucinda, San Antonio.

The party included arts and crafts tables, coloring and paint stations, and games such as pin the nose on the Snowman. Other festivities included a magic show presented by Bobby Cordell Magical Entertainment; face painting; balloon twisting; a bubble show; a bounce house; popcorn by Fred Ward; and a performance by Tony the Clown, which helped make this event a memorable Christmas celebration for the children.

Additional sponsors included Victoria College; JL Gray employees; Sandra Michna and Mike Kobala in memory of Stephen; Ann Hicks and family; EncapSulite; Karen and Rob Blakeley; Olivia Seifert; Lux Texas Realty Group; Body's by Arden; St. Vincent De Paul Society; Lotus Solutions; and Bastrop Community Senior Center. A good time was had by all.

# Court approves extending vacation time usage for jail and SO deputies

**BY LEW K. COHN**  
Inquirer Publisher

Gonzales County Sheriff's Office and Gonzales County Jail employees who were unable to take vacation time in 2022 due to staffing issues will be given an extra year to use their vacation time.

After hearing from Sheriff Keith Schmidt during meetings on Monday, Dec. 12 and Monday, Dec. 19, the Gonzales County Commissioners Court voted to allow the employees to have through the 2023 calendar year to use up any unused vacation time or else they will lose those hours.

"As you know, at the jail, we have to keep minimum staffing so I can't let them just take vacation whenever they want," Schmidt said. "We're kind of struggling with the same thing on patrol. But with the adding of some of these new deputies, you know, we're hoping this year we can get back to where we should be on our vacation time."

"We have got a handful that, if we're not able to carry over that vacation time for them, they are going to lose some hours."

Schmidt said there are about 16 employees who would be impacted by this and would lose their unused time if they are unable to extend it into 2023.

Commissioners agreed to make a one-time exception to roll over — just for the jail and the sheriff's department — unused vacation time to 2023. Any vacation time not used will be lost after Dec. 31, 2023.

The commissioners also voted to approve a lease agreement with Peacemakers Technology for five mobile data computer packages for GCSO at a cost of four annual payments of \$1,800 per computer. The package includes computer, mounting, printer and modem for five patrol vehicles.

Schmidt told commissioners the contract is written so that if commissioners determine the money is not available to continue from year to year, it can be terminated by the county at the end of the year.

Commissioners also took steps to close out the Gonzales County Road Rehabilitation Program with the Texas Department of Transportation (TxDOT) by approving the expense summary, certification form for each roadway that was part of the project and construction acceptance for those roadways.

Court members also voted to approve the expenditure of \$63,549 in invoices relating to General Land Office D305 grant, which was for the construction of the new radio tower in Smiley.

## Garden Q&A

### Addressing stubborn pest control, hedge trimming and weeds

**Q. I have not had luck with manufactured insecticides and want to find a reliable organic control such as beneficial nematodes to control fire ants. What do you know about using them?**

A. I am sorry that I have not had any experience with beneficial nematodes, but I have had success with the organic control Spinosad which is often labeled for control

of fire ants in the vegetable garden. Review the instructions on the label for a Spinosad product at your favorite nursery.

**Q. I have boxwood hedges that are top heavy when is the best time to trim them?**

A. The best time to trim hedges and other shrubs is after there growth spurt in the spring. In your case you will want to gradually reduce the stems and foliage over

**CALVIN FINCH**  
Gardening Q&A

two or three years. It is never recommended to take off more than one third of the mass.

**Q. You and Dr Parsons on your radio show talk about the desirability and ease of transplanting larkspur to provide blooms and nectar sources in the available space in your cut flower garden. Does it also work to transplant blue curl to fill the need for nectar blooms until the blue mist flower, zinnias, and Porter weed are producing blooms?**

A. Blue curl is easy to transplant but it is even

easier to spread its seed in the fall. Obtain the seed from your existing plants, collect some from a neighbor with extra plants or order it from the internet seed source in Junction Texas.

**Q. It looks like the cold weather last week not only took its toll on my vegetables and flowers, my rescue grass weeds froze back. Will that be the last we see of the weeds we see this winter?**

A. Don't you wish! Unfortunately there is plenty of weed seed in reserve on the soil and it will quickly resprout. Control the broadleaf winter weeds with products such as "Weed Free Zone" and the grassy weeds with "Grassbe-Gone". It also works to control the weeds in the lawn with mowing.

## God's loving plan

BY LYNN WILSON

Long before the earth was formed or stars were in the sky; before Man drew the breath of life, or heard the devil's lie; before God spoke into existence all that we see today, He knew Mankind would- all too soon- begin to go astray. So, in His love for His creation, He devised a loving plan; a way for Him to give salvation to each and every man. He had His prophets proclaim the plan: He would give His Son to bear the sins of all Mankind, before His life was done. His Son is called the Mighty God; He is the Prince of Peace. Government is on His shoulder, and his reign will never cease. Many years would come and go before the time was right, but God stepped into darkness and sent the earth His light. In keeping with His loving plan, the Christ Child came to earth, and as God said so long before, a virgin gave Him birth. Emmanuel - God with us - was born in Bethlehem, A Savior who would pay the debt for all the sins of men. Shepherds went to worship Him when they heard the angels sing, "Peace on Earth, good will to men," as they glorified their King. God's loving plan has been fulfilled; Messiah now has come. Salvation purchased by the blood He shed for everyone. That's what Christmas is about: God's loving plan revealed. Eternal life, eternal joy, Man's rift with God now healed.

## Coughing the halls, with bouts of wheezing

BY BETTY COHN

Gonzales Inquirer

During the cold weather months, which for those of us in Texas, are also the holiday months, bronchitis will often raise its ugly head. Many people have bouts, or episodes, of bronchitis throughout their entire lifetime, starting as young children.

Bronchitis, or inflammation of the lining of the bronchial tubes (which are the tubes that carry air to and from the lungs). This inflammation leads to coughing up thick mucus, often discolored, and the bronchitis itself may be either be acute or chronic.

Bronchitis usually develops from a cold or other type respiratory infection, and acute bronchitis is very common in both young and old. It involves an irritation or inflammation of the bronchial tubes, which is exacerbated by smoking or other irritants to these tubes.

Acute bronchitis may also be referred to as a chest cold, and will usually improve within ten days, without other lasting effects, though the cough may last for weeks.

With repeated bouts of bronchitis the affected person may have to seek further medical attention, because chronic bronchitis is one of the conditions that may directly lead to COPD (chronic obstructive pulmonary disease).

With either acute or chronic bronchitis symptoms may include coughing, production of mucus (sputum) clear or yellowish to greenish, and, rarely, streaked with blood. Individuals will also experience fatigue, shortness of breath, fever and chills and increased levels of chest discomfort

Acute bronchitis will have cold symptoms, such as a mild headache or body aches, generally improving in about a week, along with the aforementioned nagging cough for several weeks.

Chronic bronchitis is a productive cough, lasting at least three months, with recurring bouts occurring for at least two consecutive years. With chronic bronchitis, you are more likely to have periods when your cough, or other symptoms worsen,

### Letters to the Editor Policy

Because of space limitations, we must limit all contributors to one letter per person per month. Letters of 400 words or less will be published unless they contain language or content that the editors feel is inappropriate.

Letters must either be about Gonzales County, from a resident of Gonzales County, or in response to a story that appears in print or online in The Inquirer.

Examples of content that will cause letters to be rejected include the following:

- Confusing or unclear points.
- Crude language.
- Poor taste.
- Disrespectful comments regarding a group's or individual's ethnicity, gender, religion, culture, sexual orientation or race.
- Other incendiary language or remarks.
- Endorsements for or complaints about individually named commercial products or services.
- Poetry.
- Personal attacks.
- "Thank You" letters that go beyond general thanks to the community; attempt to serve as an advertisement for a company, individual or political party; or is submitted in lieu of a paid "Thank You" advertisement.

During periods ahead of an election, The Inquirer does not accept letters to the editor urging voters to vote for or against candidates in local elections. Endorsements should be displayed in political advertising. In light of

this policy, we reserve the right to reject or edit letters for references to candidates and whether or not they should be elected. The Inquirer will accept letters expressing views on bond measures, constitutional amendments and other such issues. Letters will not be accepted once early voting has begun.

The Inquirer will not knowingly publish factually incorrect information.

Only letters written exclusively to the newspaper will be published. Letters to a third party or those written to more than one newspaper are not accepted. "Wallpaper" - submissions that are in large part copied-and-pasted from another author or organization - will not be published.

Letters written in response to other letter writers should address the issue at hand. Discourse should be civil and people should be referred to in a respectful manner. Letters referring to news stories should also mention the headline and date of publication.

## It's beginning to sound a lot like Christmas...

The intent of this piece is to provide comfort to folks who are hearing more than they want to hear. There is much noise in the world, some of it pushing Christmas carols — and other worthwhile sounds — to the side of the road. In spousal conversations — whether interest in what the other is saying is sincere or feigned — we are prone to smile and/or nod, either of which may be sufficient to get couples back in sync on topics that are interesting to both.

My aged Uncle Mort — always on the quest of helping humankind while providing relief for an ever-shrinking bank balance — is excited about his latest "invention." He's convinced that it may save marriages and extend friendships. He's proposing a double-pocketed leather holster that will serve a dual purpose, hanging from men's belts and ladies' purses, keeping smartphones and battery-powered toothbrushes close at hand. ...

Mort gives his long-suffering wife Maude credit for his latest gimmick, one that he thinks may be popular in record time. Married for almost 90 years, Mort and Maude's conversations have largely been with each other in their modest home down in the thicket.

He has often noticed that her attempts to start conversations occur at the precise moment that he commences to brush his teeth. He usually hears little during such moments when battery-powered toothbrushes make sounds akin to dentists' drills or even pavement-piercing jackhammers a block or more away.

Maude's question the other morning caused him to turn off his toothbrush, partially because she had asked it three times before her yelling led to his "smartening up" with a "Yes, dear" response. ...

She wanted to know if he intended to "gussy up" for the senior adult Christmas luncheon at church. "Gussy up?" He hadn't heard the expression in years, but her mention of it served as a reminder that in our ever-growing, open-collared men's world, whatever "gussying" we're doing—if any — isn't ascending. Its trajectory is decidedly downward.

I know what she meant. For many decades, I've been given neckties accented by Christmas scenes. Most of them are marred by dropped food, so the red and green colors of Christmas are barely dominant over the yellows, oranges, purples and blacks. I wear them during the Yuletide season; that's usually when Brenda says I am "gussied up"...

It seems important to take a Googling sideroad. I was set to wondering about the origin of the expression. It turns out that the first use likely occurred in Australia, early in the 20th century. A famous novelist used it to describe a "foppish dandy." Huh? Consult Google further if you want to know more about "foppish dandies."

Numerous vague definitions are cited. If Google claims "gussying up" to run in tandem with "foppish dandies," so be it. I'll decide that I am indeed "gussied up," merely by wearing both a necktie and sock. This'll probably satisfy my wife of 56 years. ...

Brenda's specific instructions about my luncheon attire weren't discernible above the roar of my battery-powered toothbrush.

That's why I have moderate interest in the holster Uncle Mort is designing. With it, I'll have my toothbrush at hand, not only to use for multiple brushings, but also for drowning out sounds I'd sooner not hear. In the adjacent holster pocket will be my smartphone, handy for both real and pretended uses. The only downsides I can see is that there'll be one more item to lose and another one to keep charged.

Before we finished our phone conversation and exchanged greetings of the season, Mort asked me if I knew that the ordinary toothbrush may have been designed by someone living in the swamp. "If the guy had lived

# Happy Birthday Jesus

Howdy folks. Well here we are, Christmas 2022. It'll pass in the blink of an eye just like the many before it, so enjoy the celebration while it lasts. The decorations, the food, the ugly Christmas sweaters and all of the gift giving, most of which will be stored away until next Christmas waiting to be re-gifted to the least expecting. While the most enjoyable part of the celebration is being with friends and family, allowing yourself to become fully immersed in the sheer joy of the kids opening their presents is absolutely priceless!

Of course, the most important aspect of the festivities is to honor the birth of our Lord and Savior, Jesus Christ. He came for us all, offering a more meaningful life here on earth, and an eternal one afterwards, but it hinges on whether we accept this free gift or not. The good news is that if you do, there's no need to keep the receipt or purchase the extended warranty, but unfortunately, most will not.

**ERIC ESTES**  
Love, Eric and Eloise

minds us that as Jesus, the true light that gives everyone light, was coming into the world, a world which was created through him, the world failed to recognize him. He came to his own people and even they rejected him. But, to all who received him, and believed in his name, he gave the right to become children of God. Simply put, he states that he is; the way, the truth, and the life, and that no one comes to the father except through him. While I may not be the sharpest tack in the box, it seems to me that this particular gift is a definite keeper.

After many years celebrating Christmas and hearing/singing the word Noel, I realized that I didn't fully understand it's meaning or origin. After a little research, it seems that it has different meanings, basically all

leading in the same direction. Stemming from the French phrase *bonnes nouvelles*, it translates to "Good News". The English root, *nowel* is interpreted as "Shout of Joy". In Latin, the word *natalis* means "Birth, or nasci "To Be Born". This is why we sing this at Christmas, as all of these lead to Jesus' birth. In John 3, Jesus explains to Nicodemus that what is born of the flesh is flesh, and what is born of the spirit is spirit. "Truly I tell you", Jesus says, "no one can see the Kingdom of God unless they are born again." And how do we do that, by receiving and believing!

I'll get back to my dad's story after the holidays, but for now I'll leave you with one of my fondest Christmas memories with him. Living in Miami at the time, my dad had hinted at a special present he was building for me. Not something you tell a first grader, as the curiosity became quite unbearable, so as not to risk imploding, me and my best little friend Mike, devised a plan. Mike lived one house down and his aunt Bea

was watching us for the day, as my parents had things to take care of elsewhere. While they were gone we seized the opportunity to sneak into their bedroom. My excitement hit the roof as I saw something large with a sheet over it. Mike and I were huge fans of the show "My favorite martian", and just knew dad was building a flying saucer. It turned out to be an elaborate train set with houses,

roads, cars, orange groves and a large mountain the train went through. One of the best presents ever, and I think he was more excited about it than I was. Thanks dad, miss you.

A merry heart is good medicine (Proverbs 17:22). So until next time, y'all take your medicine and have a very Merry Christmas!

Love you guys. Eric.

## COOKING WITH PARIND

### Croquettes tap into historical Christmas menu

Hello everyone. My name is Parind Vora. I'm the chef/owner of Gonzales Bistro. In this column we talk cooking, tricks to cooking, and sometimes eating.

We are full tilt into the Christmas holidays, so time is tight and we often end up just eating a second Thanksgiving dinner for Christmas. This recipe may seem complex but it will become quite easy to master by making it just a few times.

Potato and bacon croquettes are actually a traditional Christmas side especially for entertaining guests from the 1800s. Most Christmas croquettes were just mashed potatoes with bacon and cheese and maybe eggs that are breaded and fried. Ours is creamier and more refined. This recipe has a 6-to-8-hour refrigeration phase so please plan accordingly.

You can just substitute roasted poblano/Jalapeño pepper (peeled, seeded & diced) for a vegetarian option. You can also add cheese but then it'll taste like an appetiser and be less delicate.

We will learn what a *boulé* is (a type of slurry). A roux is fat + starch that is used to thicken a sauce. A *boulé* uses milk fat vs butter or oil fat in a roux.

We still use butter for the flavour and richness.

The diced potatoes are baked vs boiled so they do not have a lot of moisture.

#### Ingredients:

##### Potato and bacon croquettes

- 1 stick (4 oz) unsalted butter
- 1/2 medium Spanish onion peeled and finely chopped (about 1/2 cup)
- 1 & 3/4 cup - 2 cups all-purpose flour for the *boulé*
- 4 cups whole milk
- cooked bacon (crispy) and rough chopped into small pieces
- Diced baked potato cubes tossed in bacon fat
- Salt to taste
- Cracked black pepper
- 1 pinch nutmeg
- 2 large eggs well beaten for the filling

##### The breading set-up

- 3-6 large eggs well beaten for
- 1-2 cups plain breadcrumbs
- 1 cup of all-purpose flour

Oil for frying

Peel a small (6oz) russet potato and

dice into 1/2" cube. Toss in bacon fat until lightly coated and bake in a 300-degree F oven until still a little firm on a small sheet pan. Transfer to a plate and put in the refrigerator until chilled completely (about 2-4 hours).

Mix two cups of the cold milk and all the flour in a mixing bowl until well mixed with a whisk and set aside for 15 minutes. This is the *boulé*/slurry.

In the meantime, wilt the diced onions and the cooked bacon in the butter without colouring the onions over medium low heat. Add a pinch of freshly ground nutmeg.

Add the remaining two cups of cold milk and increase the heat to medium until the milk comes to a low simmer.

To the scalded milk add the *Boulé* and whisk until well mixed. It should thicken a little immediately. You will need to keep whisking as it will stick and burn at this point. Don't go to the bathroom or answer the door. If you need to do anything then just take the mixture off the heat. You will need to cook the milk mixture between 3-5 minutes until it is very thick.

Using a rubber spatula transfer the milk mixture into a large mixing bowl.

Add the bacon fat tossed diced potatoes.

Season the slightly cooled mixture with salt and pepper to taste.

Add ONLY 1-2 of the well beaten eggs and mix until incorporated completely.

Put into the refrigerator for 6/8 hours until well chilled or even better overnight.

Get the breading set up. Have 3 bowls. 1 filled with flour (#1), beaten eggs (#2) & plain breadcrumbs (#3).

Form the croquettes (round or finger shapes) out of the overnight chilled potato-milk-bacon filling. Gently dredge in flour, then eggs, and finally breadcrumbs. Set the breaded croquettes on a plate and put in the freezer for an hour to set the breading.

Fry in hot oil (325-350 degrees F) until GB&D (golden, brown and delicious) Do not crowd while frying.

Serve with the meal or as a starter or even a snack.

This can also be served with any kind of dipping sauce from ranch to Sriracha mayo.

Enjoy with your favourite Rioja or a nice Cava, prosecco or even an aged Washington Cabernet Sauvignon.

*Wishing everyone a Merry Christmas & a happy New Year from all of us at Gonzales Bistro!*

## Apaches fall to Pleasanton on the road

BY VANDY VAN EPPS  
Gonzales Inquirer

The Gonzales Apaches were handed a tough 97-39 road loss to the No. 24-ranked Pleasanton Eagles Friday, Dec. 16.

The Apaches struggled against Pleasanton in the game and they were out scored 44-21 heading into the second half.

Apaches head basketball coach Matthew Hart gave credit regarding Pleasanton's performance against his team, saying they had a returner from last year's team, but he knows his team still has a lot a work to do.

"I told the guys, that didn't change the fact that we need to get better at a lot of things. I think we did grow in the area of getting some game like situations, understanding different looks that teams are gonna give us," Hart said.

The Apaches kept the game close in the first couple minutes, but ran into foul trouble early in the game, with two of those infractions being on Angel Martinez. Hart said its hard on them with Martinez going down with fouls, but he added they have to figure things out to improve as a team.

"We have to get better as a group, because we're gonna have times and we're not gonna have everyone on the floor. They have got to be able to perform. I was talking about [to them] if you're going to be out there you got to produce in some way; rebounding, getting stops, playing good defense, good hands on basketballs and those types of things," Hart said.

The Apaches hosted the Natalia Mustangs Monday, Dec. 19 and will travel to Schulenburg for their last non-district contests before district against La Vernia Friday, Dec. 30. Hart said his team needs a quick turnaround from their Pleasanton against Natalia, and he said they'll be heading to "clean stuff up."

"Monday we start preparing for them, but we'll probably prepare a little bit tomorrow (Saturday) too, and just to get these guys to understand, we got to win some basketball games and get on the winning side of things," Hart said.

Please see story on this page for the Natalia recap. The Apaches will travel to Schulenburg Tuesday, Dec. 27 and Wednesday, Dec. 28 for their last tournament of the season.

District play kicks off against the La Vernia Bears Friday, Dec. 30 at home in the Apache Gymnasium with tip off against La Vernia at 1:30 p.m.

**VINCENT JAMES DeCOLA**

Vincent James "Jim" DeCola was called to join the Kingdom of Heaven on December 13, 2022, at the age of 75, from his home in Belmont, Texas, surrounded by family. Despite the devastating effects of an autoimmune liver disease, he remained strong and full of the Holy Spirit until the end.

Jim was born in Nyack, New York, on February 9, 1947, to Ida Nickerson (Fisher). As a child growing up in the New England area, he was constantly moving and having to spend time with different relatives. He constantly searched for a stable home and family, which seemed to elude him.

He was drafted into the United States Army in late 1966 during the build-up for the Vietnam War. He was stationed at Fort Hood, Texas, and his method of service was a war tank driver. During a small break, he and an Army buddy took a fortuitous trip to Gonzales, Texas, where he met the love of his life, Deborah Darlene Hahn, at the local DQ. Their romance blossomed quickly, and they were married on December 15, 1967. Marrying Debbie, he was accepted

in and finally found the family he had longed for as a child and young man. His father-in-law, Stanley Hahn, Sr, mother-in-law, Mildred Hahn, and brothers-in-law, William Ray Hahn and Stanley Hahn, Jr., all accepted him with open arms, and they remained close for the rest of their lives.

He had many careers throughout his life, but when he found the Tool Sales and Service business, he found his calling. He thrived as an Independent Salesman/Distributor, winning dozens of awards over his career. He also made many new lifelong friends with customers he would build relationships with.

Another love of his was First Baptist Church of Gonzales. He was in regular attendance for 50+

years. He was a big part of many of the church groups and ultimately became a deacon of the church.

Jim was a giving and loving person, especially to family and friends. He was preceded in death by his mother, Ida Fisher; father-in-law, Stanley Hahn, Sr; mother-in-law, Mildred Hahn; and brother-in-law, Stanley Hahn, Jr and son, Dale DeCola. He is survived by son Ray DeCola, his wife Kimberly, and children Jack and Mary, son Jarrett DeCola and daughter Lillian, daughter-in-law Annette DeCola and children Erin, Patrick, and Anthony.

Visitation will be held Sunday, December 18, from 4p.m. until 6p.m. at Seydler-Hill Funeral Home. Funeral Services will be held 10 a.m. Monday, December 19, 2022 at the First Baptist Church. Interment will follow at the Belmont Cemetery.

Friends may sign the guestbook and leave condolences by visiting www.seydlerhillfuneralhome.com

Arrangements are under the care and direction of Seydler-Hill Funeral Home, 906 St. Paul, Gonzales.

## LCRA offering grants of up to \$50K

### SPECIAL TO THE INQUIRER

The Lower Colorado River Authority is offering grants of up to \$50,000 for community projects throughout LCRA's wholesale power, water and transmission service areas.

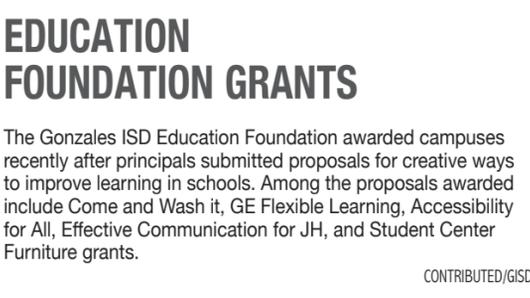

Applications for Community Development Partnership Program grants will be available online in January and must be submitted by midnight Jan. 31. Most grants are for \$25,000 or less, but several grants of up to \$50,000 are awarded every grant cycle.

Eligible organizations include volunteer fire departments, emergency responders, local governments, schools, libraries, civic groups, museums and other tax-exempt nonprofit organizations. The grants are not available to individuals, for-profit entities, professional associations, social service projects or limited-use facilities.

Applicants requesting more than \$5,000 in grant funding must supply matching funds of at least 20 percent of the total project cost. The projects must benefit or be available to an entire community and also improve the value of a capital asset through building, renovating or purchasing equipment.

In the most recent round of grants in fall 2022, LCRA awarded more than \$985,000 to 46 projects, which included purchases of new vehicles, equipment and protective gear for first responders; renovations to community centers, libraries and arts venues; and improvements to parks, youth athletic facilities and outdoor community trails and exhibits.

Visit [lcra.org/cdpp](http://lcra.org/cdpp) for information about eligibility requirements and recently awarded grants. The online application will be available on the webpage beginning Jan. 1. For questions, email [grants@lcra.org](mailto:grants@lcra.org) or call 800-776-5272, ext. 3140 or ext. 1627.

### Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test.

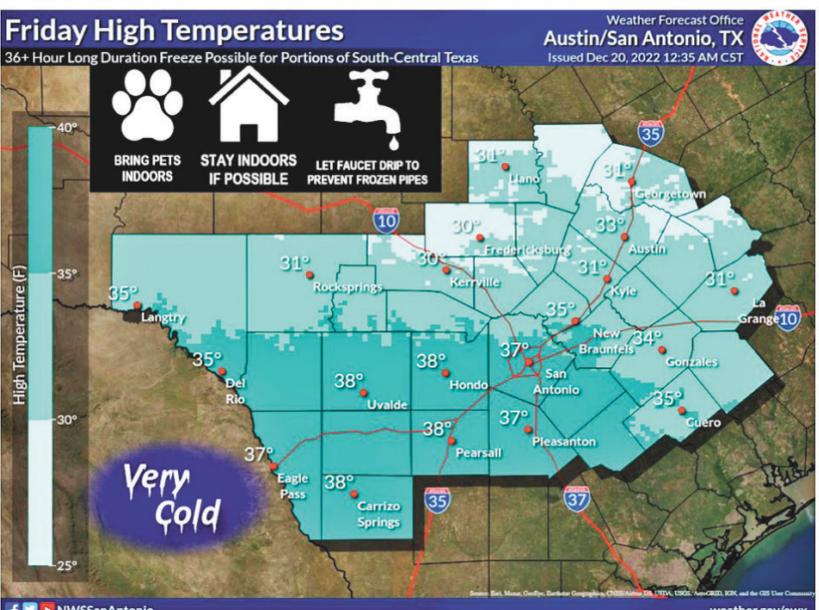

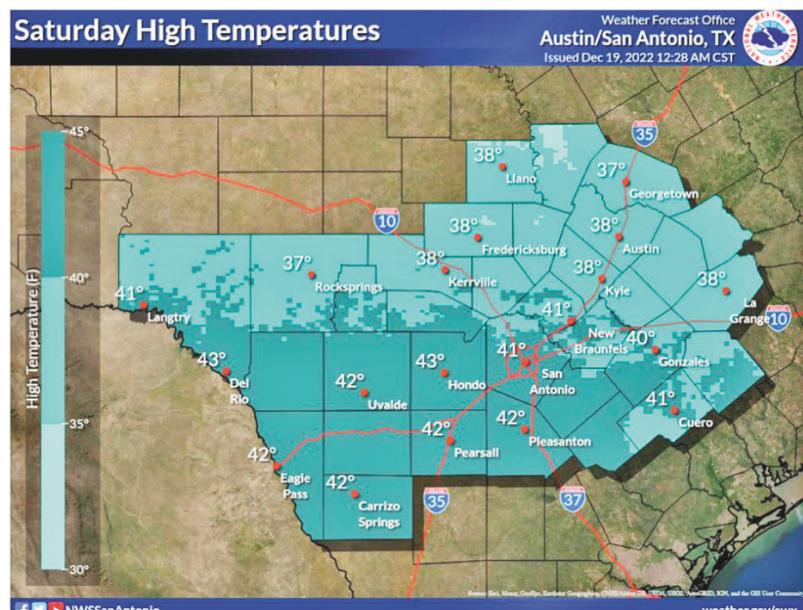

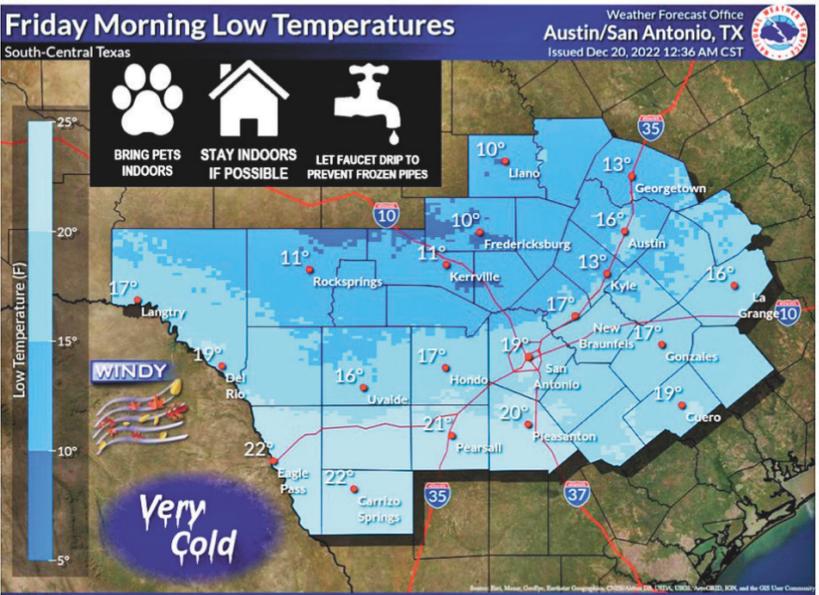

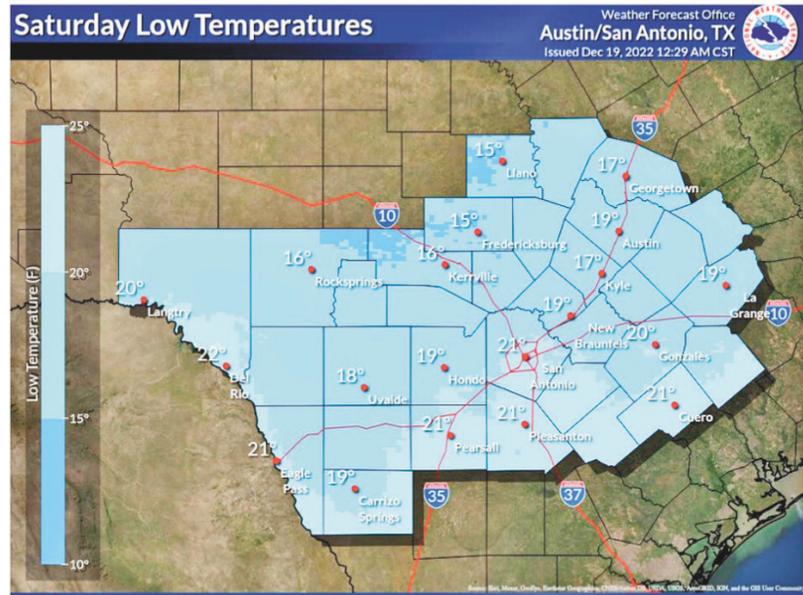

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**COLD**

CONTINUED FROM PAGE A1

Temperatures on Thursday night, Dec. 22, and Friday morning, Dec. 23, are expected to drop to as low as 17 degrees in Gonzales County with a morning wind chill right near 0 degrees Fahrenheit and wind speeds around 25 mph.

Gonzales County and other areas of the Coastal Plains could see freezing temperatures in the region for nearly 42 hours from late Thursday afternoon to early Saturday afternoon. Low temperatures on Saturday are expected to be around 20 degrees and will finally rise to around 40 degrees on Saturday afternoon.

"No precipitation will occur with this cold spell," the NWS stated in a situation report from Tuesday, Dec. 20.

The NWS is reminding people to "remember the 4Ps of cold weather: people, pets, plants and pipes." People are encouraged to pay special attention to children and the elderly and to dress in layers and a hat that covers the ears to retain body heat and to wear gloves. Pets should be brought inside and any that must be left outside should have an enclosed shelter with an entrance facing away from any wind with plenty of blankets for warmth.

Plants in containers should be brought inside if possible and water outdoor plants before a freeze to add insulation to the soil; cover any plants if at all possible. Water should be allowed to drop from faucets, especially those facing exterior walls. Open cabinet doors and eliminate rafts where water supply lines are located in unheated areas.

The Electric Reliability Council of Texas (ERCOT), which manages the flow of electric power to more than 26 million Texas customers including Gonzales County, said it "continues to closely monitor weather forecasts and models."

"ERCOT expects sufficient generation to meet forecasted demand and will continue to provide updates," the organization said in a press release, noting that an Operating Condition Notice has been issued to transmission and distribution owners and generation resources that temperatures will meet ERCOT's criteria of 25 degrees or lower in the Austin/San Antonio areas between Thursday, Dec. 22 through Monday, Dec. 26.

"Over the past 18 months, ERCOT has worked closely with the Public Utility Commission and elected officials to implement reforms and increase grid reliability, including weatherization, bringing more generation online sooner if needed, and purchasing more reserve power. As a result, the reliability and resiliency of the grid has been strengthened significantly," the press release stated. "Providing Texans with a reliable electric grid is our highest priority. As we monitor weather conditions, we want to assure Texans that the grid is resilient and reliable," said Pablo Vegas, ERCOT president and CEO. "We will keep the public informed as weather conditions change throughout the coming week.

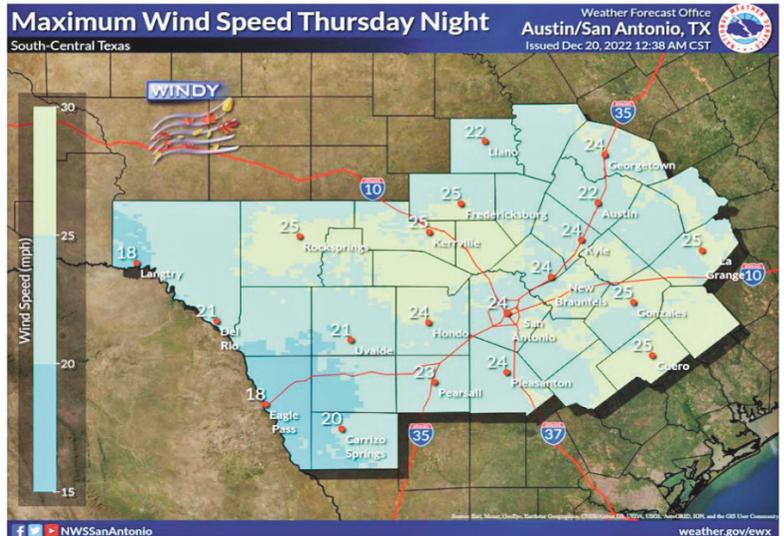

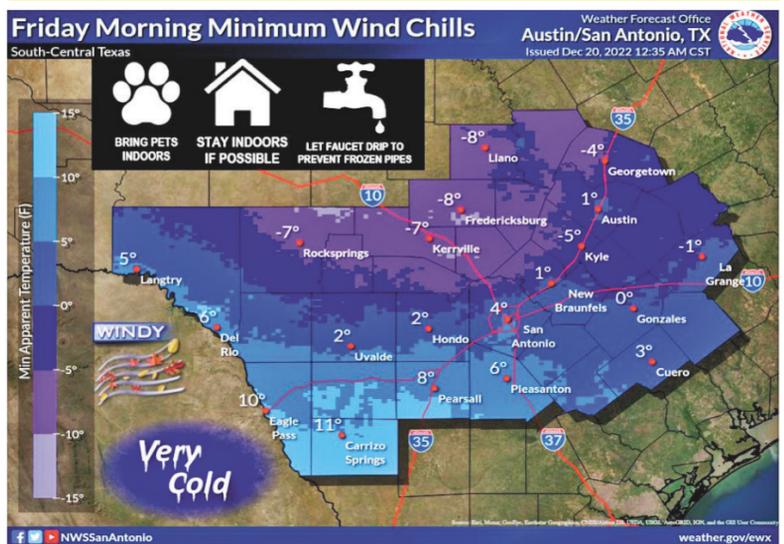

During Winter Storm Uri, some 5,000 Guadalupe Valley Electric Coop-

erative customers (GVEC) were left without powers due to both frigid weather conditions which downed power lines throughout the coverage area as well as mandated, controlled rolling outages which were designed by ERCOT to shed power load. Cities in Gonzales County also reported water main breaks and issued boil water notices to make drinking water safe for consumption due to a loss of system pressure that prevented treating the water supply for bacteria and other parasites.

Gonzales City Manager Tim Crow said Wednesday the city has been "winterizing everything we can in preparation for the cold weather" and is keeping a close eye on the city's water system to make sure it continues to operate without interruption.

"We've also reached out to the ministerial alliance in case there is a need to provide shelter or other items to people due to the cold," Crow said. "We are hoping that we get a dry cold front that comes through without causing any problems for anyone."

Franco himself has danced with the Boston Ballet, the American Folk Ballet and Los Angeles Classical Ballet and performed as a guest artist with multiple companies. An award-winning dancer in his own right, he has also appeared in several TV and film productions.

“When we first opened the studio, that was one of main goals was to elevate the arts and the dance in town,” Lahav said. “We figured, being a small town, there’s not a lot of people that they can look to who know what a professional ballet dancer looks like. That was kind of the incentive, to bring these people in to be an inspiration for the kids, but also to drive, the town to see what the potential is for the arts in Gonzales.

“We wanted to bring a high-value performance and, since we just opened, we wanted to bring the local folks something extra special for this first production.”

Crystal Theatre Board President Jessica Wilkerson McKinney said this may be one of the most professional artistic performances to be produced in Gonzales.

“I don’t know that we’ve ever had anything like this and certainly don’t know that we’ve ever had dancers from New York and L.A. come here to perform in a production,” McKinney said. “We did have a playwright in town once for a show that was like an Andrews Sisters show, but that may have been at least 30 years ago.

“It is the first time we’ve ever used backdrops like this at the theater. We typically have primarily used sets that are very static, but these beautiful backdrops they have designed are going to be moved on and off set.”

There may also be the possibility of “snow” in the theatre and several other surprises for people of all ages who attend the show, Lahav said.

Professionals are not the only ones, however, who will be dancing on stage as the studio has eight students between the ages of six and 11 who will be performing as well as young and older adults taking part who have been taking lessons at the studio.

Two members of the Crystal Theatre’s Young Texian troupe will also be dancing the roles of the Mouse King and the Nutcracker Prince which “will give them an additional opportunity to add this element to their resumes,” McKinney said.

“I think it’s interesting because young students getting involved in this in their first year, you’ve seen in established troupes where they start out as a mouse and then as they grow up with the show, they start to dance in the bigger roles and it becomes a tradition every year where they can build on their repertoire,” McKinney added.

Lahav said his studio has also reached out to other studios and churches in the community to get their support and participation in the production.

“In a small community, you can’t do it on your own,” Lahav said. “You have to have the supporting system behind you.”

“It’s a collaboration,” McKinney added. “We look forward to the involvement of many different organizations in the community.”

Three different groups of potential buyers made their pitches to the Gonzales Economic Development Corporation board about what they would like to do with the Lynn Theatre at a packed meeting on Monday, Dec. 19.

sion to approve selling the Lynn Theatre to Sydney Allen and Devon Warzecha, pending approval by the Gonzales City Council.

“We took the highest and best local offer. We noted that they were maintaining the historical integrity, and that they met the criteria of en-

tainment venue,” said Ken Morrow, GEDC president.

Allen is a seventh-generation native of Smiley, and her business partner Warzecha is a sixth-generation native of Smiley. They want to make the Lynn a destination.

“Our intention is to make it a destination for not only

this community, but for every community and for people coming through,” Allen said.

Allen wants to make the Lynn a “venue of variety,” that includes conferences, live music, festivals, comedy and so on.

“It opens it up for a variety of different things. We already have the foods, so I would like

to do dinner and a movie. I would like to also do tech and game nights for the people in town who liked to game and don’t have anywhere to go,” Allen said.

The Gonzales City Council will make the final decision on the Lynn at its Jan. 12 meeting.

# WATER

City of Nixon has experienced some drop in water levels, and not enough highs, gaining 30 feet of water in 2015 throughout the whole year while losing around 25 feet of water from 2017 to 2021 and losing 13 feet for 2022. There are four wells in the city of Nixon, and according to the Gonzales Underground Water Conservation District, there has been 60 to 70 feet of water drawdown in the Nixon area over the past 22 years in all four wells.

“Looking at those individual wells, usually we see a fluctuation, including a dip in the summer time, and usually they recover by January,” GUVCD General Manager Laura Martin said. “Looking at just the (Texas) Highway 80 corridor between Belmont and Nixon area, this is drawdown over time — a 22 year span — there aren’t any great big jumps or crazy spikes in any of the wells.”

Gonzales County has experienced three major droughts on record in 2011, 1950, and 2022, with 2011 being the worst and 2022 being the third worst. Every year, GUVCD addresses concerns with cities in Gonzales County and Bustos said he feels like their efforts at reassuring its citizens can seem moot.

“Every month we see a drop, especially in the summer time,” Bustos said. “What we’re noticing is that we drop every month and in the winter time, we gain a few feet, but if you average over the whole year, then we are losing every year.”

Some sources in Nixon say that water levels have gone so dry that moss is starting to form in the Guadalupe above Belmont.

“There is a gradual decline over time that is occurring because of the amount of usage and that’s something that the models predicted when the large

producers came in and got approved for their permits,” Martin said. “The model is right on prediction.”

A Carrizo Aquifer Drawdown Map created for the September Water Level Report by GUVCD also shows drawdown in the district within the last 22 years. The data suggests water levels in the area north of Leesville have declined approximately 40 to 50 feet, or about 1.8 to 2.3 feet per year, since 2000. That is the same area from which SAWS and Schertz/Seguin pump water.

In the last GUVCD meeting, the district did want to take another look at the most recent hydrographic models that show pumps of various corporations, such as SAWS and Canyon Regional, to determine who was the most accurate in predicting drawdown from wells on their measures.

Residential water use accounts for 72 percent of water distribution in urban landscape, according to the Texas Water Journal and Texas Water Resources Institute. GUVCD is encouraging those to be mindful and conserve their water use, even in the most driest of seasons.

The GCUWCD recommends people inspect pipes and faucets. Faulty water leaks may occur if not inspected. They also recommend to water outside trees and lawns once a week, instead of every day. Watching the weather will be helpful in watering the lawn. For example; don’t water after a rainy day, according to the GCUWCD.

This is an ongoing story and Rice said it is likely going to be discussed further in future Nixon City Council meetings.

“This whole area is growing,” Nixon City Manager Harold Rice said. “We see the growth coming from San Antonio out in this direction. Twenty years from now, it won’t look like it is today.”

Pole, gathered together to deliver gifts throughout Gonzales County as part of the Silent Santa program.

Thanks to the efforts of these civil servants, spreading the love of the season through hard work, dedication, and generosity, many Gonzales County children — from Nixon to Smiley to Leesville to Gonzales to Belmont to Waelder — will have bright, holiday cheer filled Christmas mornings, with gifts to make them feel (hopefully) loved, warm, special and that they matter.

They did so in the memory of the late Bob Kidd, an 18-year volunteer for Belmont VFD and member of the Silent Santa board. Kidd, 76, passed away in March 2022.

Silent Santa is in its 15th year of providing necessities at Christmas throughout Gonzales County based on donations through Gonzales, Waelder and Nixon-Smiley school districts as well as the generous donations from residents, businesses and organizations in Gonzales County.

Silent Santa operates with the help of teachers from each school district in Gonzales County, who — second to family — have the most insight in to the needs of the children they work with. After receiving nominations from the teachers, Silent Santa contacts the children’s parents to go over specific needs and to get the sizes of clothing and shoes for that child and other children in the household.

Silent Santa purchases necessities for each child, such as clothing, coats, jackets, shoes, socks and undergarments and at least one toy, which is provided through the generosity of local businesses, civic clubs and donors.

You may think she left when she was 20, but she's only 15 years old Santa.
